

## **RAPIDO Y BURACHA TECHNICAL RIDER:**

Cie LPM \_ Show: Rapido y Buracha

Duration: 30-40 minutes \_ Frontal audience

Equipment: 2 bulky suitcases

Contact: Johannes BAUHOFER +33 6 52 35 69 82

[compagnie.lpm@gmail.com](mailto:compagnie.lpm@gmail.com)

Depending on the arrival of the team: 1 secure Parking space from the arrival of the company until departure for a 12m2 van.

### **Show locations and times:**

It is a show that plays outdoors, in a wind protected place, ideally during sunset. Ideally the show starts in the end of the sunlight and finishes in the dark, for our finale with fire (the effects will work better).

### **Show duration:**

between 30 and 40 minutes

### **Advice for age restriction:**

from 8 years old, children accompanied by adults, and seated with them.

### **Light:**

Basic white light (without changes during the show)

### **Stage layout:**

Dimensions: ideally 15m x 10m (minimum 10m x 8m)

Floor: flat, smooth without holes or bumps

Frontal audience (maximum 180 people)

The public must be placed so that they can see the ground (ideally on a tribune)

### **Sound:**

Sound system with minimum 5-channel mixer (inputs: Jack & mini jack)

**to know :**

During the show, spectators will receive beers

There are fireworks and effects used during the show

There will be confetti and beer on the stage after the show

**Technical conditions:**

Build up: 3 hours

Break down: 1 hour

2 hours of rehearsal

**Technician:**

We need 1 technician to install the light and the sound system

**Organization to prepare for our visit:**

We need to see the performance space in advance (photos).

For the scenography we would like to use old parts of bicycles, cars and other scrap metal or trash, and also empty beer cans. For this, a vehicle with a trailer or truck or other ways to transport these materials will help us. Let's talk about all this together. It's not essential but it helps visually and we pick up trash around the places where we play. Amazing if you are up to help us create the best Putos Makinas universe!

**Material to be provided by the organizer:**

-Table:

Solid table with the ideal size: 80 cm x 160 cm + 80 cm height

Warning: this table must be strong enough to jump with a bike on it

(or a wooden board of the same size, 4 cm thick + 2 trestles and straps to reinforce)

- Electrical outlets and an extension cord

- A drilling machine (for assembly and disassembly)

- Small inoleum mat or carpet size: ca. 3m x 3m (the the better)

- fire extinguisher (only for safety. Use is not intended)

- 3 wooden boards with 2-3 cm thickness (a: 10cm x 100cm x b: 20cm x 100cm c: 40cm x 120 cm)

- A wooden stick to use as a flagpole (e.g. a broomstick)

**Material needed for each show :**

- 50 beer cans (cheapest and best)
- A large broom with wooden brushes (not plastic!)

- 2x gas bottles (for flamethrower)
